

FEATURES

- Two sizes for documents up to 17”x11” and 24”x18”
- 18 gauge steel cover with red powder coat and .06” clear Lexan window
- 18 gauge galvanized back box can hold up to nine sheets of paper with six disc magnets
- Cover is secured closed by magnets and keyless wing lock. Frame can be locked with an optional padlock (not included).

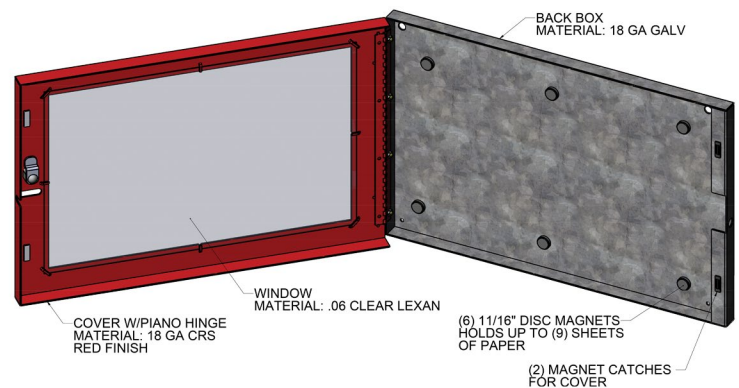

CUSTOM COLORS AVAILABLE

Display important documentation like site maps and critical information in two common sizes of this easily-accessible enclosure. Contents can be quickly swapped using the mounting magnets and secured from tampering with any standard padlock (not included).

SPECIFICATIONS

GMI Graphic Map Information Frames shall be sized for documents up to 17”x11” or 24”x18”. Each cover shall be constructed of 18 gauge steel and powder coated red with a .06” clear Lexan window, attached to an 18 gauge galvanized back box with a piano hinge. Up to nine sheets of paper can be mounted to the back box via six 11/16” disc magnets. Cover shall be secured closed by magnets and a keyless wing lock. Cover may be locked with an optional padlock.
